

Pre- and Post-Assessment

Read the passage and circle the best answer to the question being asked.

1. Jessica ran as fast as she could toward home base. She has never ever been so close to scoring before. She didn't even think it was possible, yet here she was!

What can you infer about Jessica?

- A. Jessica is playing in a softball game.
- B. Jessica is wearing shorts.
- C. Jessica has a brother named Sam who is better at sports than she is.

2. Sam is a hard-working student who consistently gets good grades and turns in his work on time. His best friend, Jack, is the exact opposite, yet still gets good grades.

What can you infer about Jack?

- A. Jack is a naturally strong student.
- B. Jack always turns in his work on time.
- C. Jack is a hard-working student.

3. Jane is always behind. Whether it's her height or her grades, she never quite hits the mark. She looks up to her best friend Jessica who seems to have it all; however, Saturday she found out some news about Jessica that changed it all.

- A. Jessica's life isn't as perfect as Jane thought.
- B. Jane is sad.
- C. Jessica isn't feeling well.
